

**YOU CAN'T REALLY PUT  
OUR CUSTOMERS IN A BOX.**

# BUT OUR BOX WAS PUT IN THEIR PROJECTS.

*Exxon/Mobil Refinery  
Baytown, Texas*

*Mercedes Benz, M-Class Center  
Vance, Alabama*

*Adelphia Stadium, Home of the Titans  
Nashville, Tennessee*

*Coca-Cola Bottling Facility  
Montgomery, Alabama*

The people in charge of building the facilities you see here could have had any enclosure they wanted installed in their projects. But they required a company with a reputation for quality, fast response time, and extraordinary flexibility, not to mention very competitive pricing (hey, they didn't get where they are by squandering money). At E-Box we do what it takes to get our customer – any customer – the enclosures they need, when they need them without headaches, which they don't need.

So when it comes to enclosures you might say we're the company that performs 'outside the box'.
